B Verses (0:21, 1:12)

1. My deep aversions Conflicted modules	building for years dictate my course	Smoldering contempt internally burns feed my violence and my hatred will gorge
2. Concealed revulsion The mental picture	benign becoming clear	Roiling dreams of murder coursing through my skull Execration too extreme to bear

Bass plays Bass Fig. 1 twice (see bar 1)

Dark introspection Resolve is growing Savage visions An execution	Memories of scorn It must be done nearing the brim my plan of action	Every slight an element of my simmering mind And to this fury I'll be forced to succumb How long can I contain this murderous rage Advent of the day of blood no longer imagination
