04  Heresy

1. Verse A
Here we are in a world of corruption
Human nature is of violent breed
Who cares if there's no tomorrow
When I die my future's laid out for me
Can't you see?

1. Verse B
Rise
Above the lies

1. Verse C
Morals on a backwards globe
A sin to you, for me it's hope
It's my life and provision
Black or white, some pay to pray
You question why they act this way
It's their fucking decision

Pre-Chorus
No more judgement day
Only tranquility
Peace signs, protest lines
Mean nothing to me

Chorus
Honesty
Born in me
Heresy

2. Verse A
I know what's right or wrong
And my belief is stronger than your advice
People, they go to war
Because religion gives them reason to fight
Sacrifice

2. Verse B
Die for pride

2. Verse C
A group that caters no one's fees
Or synthetic deities is where I belong
My stand is the human race
Without a label or a face
So they can lick my sack

Pre-Chorus
No more judgement day
Only tranquility
Peace signs, protest lines
Mean nothing to me

Chorus
Honesty
Born in me
Heresy

Bridge

Chorus
Honesty
Born in me
Heresy
