06 Metal Militia

1. Verse  Thunder and lightning, the gods take revenge
                Senseless destruction
                Victims of fury are cowardly now
                Running for safety
                Stabbing the harlot to pay for her sins
                Leaving the virgin
                Suicide running as if it were free
                Ripping and tearing

Pre-Chorus  Oh, through the mist and the madness
                We’re trying to get the message to you

Chorus  Metal militia
                Metal militia
                Metal militia

2. Verse  Chained and shadowed to be left behind
                Nine and one thousand
                Metal militia, for your sacrifice
                Ironclad soldiers
                Join or be conquered, the law of the land
                What will befall you?
                The metalization of your inner soul
                Twisting and turning

Pre-Chorus  Oh, through the mist and the madness
                We’re trying to get the message to you

Chorus  Metal militia
                Metal militia

Solo

3. Verse  We are as one, yes, we all are the same
                Fighting for one cause
                Leather and metal are our uniforms
                Protecting what we are
                Joining together to take on the world
                With our heavy metal
                Spreading the message to everyone here
                Come let yourself go

Pre-Chorus  Oh, through the mist and the madness
                We’re trying to get the message to you
